

The PanaBIOS platform (www.panabios.org) is a pan-African “safe reopening of countries” technology application developed as part of the African Union’s **Open Corridor Initiative**. PanaBIOS is the first reference archetype of the African Union’s Digital Biosurveillance, Bioscreening & Biosensing protocol (DABBIT). Ghana is a pioneer country in the development, testing and deployment of the PanaBIOS system through the country’s Trancop Initiative (www.trancop.org).

STEPS FOR BOOKING A SLOT IN A PRIORITY QUEUE

1. Dial *769#
2. Select option 3 (event management)
3. Choose option 1 to “check in to event or venue”.
4. Proceed to enter the **registration center code**
5. Wait for a text message with the details of a slot in the priority queue at your local registration center.
